The attorney has reviewed all the new ordinances the Board passed at the February meeting. The attorney suggested that all prior nuisance ordinances be rescinded.

The Board reviewed the current water rates. An increase is needed to repay the Village's leverage fund required to obtain the grant. Current rate is \$3.25 - recycling; \$20.25 minimum water charge; \$10.50 - garbage and \$6.00 sewer - credit of \$.50 for paying on time. This brings the total to \$39.50. The proposed increase is \$3.25 - recycling; \$9.25 - garbage; \$6.00 - sewer; \$24.25 minimum water charge and credit of \$.50 for paying on time. The new total is \$43.25.

This would be an increase of \$3.25 if the user only used the minimum gallons of water. Charge to shut off service for nonpayment of water bill would increase from \$25.00 to \$30.00. Charge to restore service after shut off for nonpayment of water bill would increase from \$25.00 to \$30.00.
